February 7, 2019

To Whom It May Concern:

Pursuant to the Massachusetts Public Records Law, I hereby request the following records:

A copy of all files, including communications, reports and memos, related to the white nationalist groups "Oathkeepers" and "The Three Percenters/The 3%ers."

I request that I be properly classified as a news media requester. I am an intern for MuckRock, and I am requesting this information in that editorial capacity. MuckRock is widely known for its investigative work as well as historical pieces based on public records requests.

I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage.

I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.

Sincerely,

Liam Knox

I would like to remind everyone that the first week of school we like to give friendly reminders to those that violate school zone restrictions. That means if you were going too fast and saw my overhead lights begin flashing, that was a friendly reminder to slow your behind down. Now, come Monday morning, things will be getting a little more serious so instead chancing it and getting a ticket or possibly hung, slow down.

Are there are torture suspects among us? During the Next trials in Nuremberg the perpetrators of torture were sentenced to death.
<http://www.mclatchydc.com/2014/12/16/256260/did-cia-torture-violate-nuremberg.html>

If the US were to prosecute the conspirators & perpetrators of unlawful torture, perhaps this might save lives of soldiers abroad & restore US credibility. Similar to the Nuremberg trials, torture suspects could be prosecuted. It doesn't matter whether they were following an unlawful directive (similar to Nazi soldiers following Hitler's orders), the perpetrators of torture took an oath to uphold & defend the Constitution of the United States of America.

The perpetrators of torture endanger every soldier & sailor abroad.

Similar to Chinese supporter Harry Reid's placing the Bundy family on the TSA terror watch list (SSSS) & using honorable BLM officers as mercenaries, the US could place all torture suspects on the terror watch list (SSSS), (to include the man without a pulse). The Seattle Fusion Center & US Attorney for Western WA could lead the charge by placing torture suspects in Washington State on the terror watch list.

Similar to Iran Contra, the purveyors of torture are the same perpetrators who play both sides of the so called "War on Drugs" while drugging American children.

On Feb. 15, 2019:

Mr. Knox,

Good morning. I will be handling this request on behalf of MSP. Would you be able to provide a date range for this request?

On Feb. 7, 2019:

To Whom It May Concern:

Pursuant to the Massachusetts Public Records Law, I hereby request the following records:

A copy of all files, including communications, reports and memos, related to the white nationalist groups "Oathkeepers" and "The Three Percenters/The 3%ers."

I request that I be properly classified as a news media requester. I am an intern for MuckRock, and I am requesting this information in that editorial capacity. MuckRock is widely known for its investigative work as well as historical pieces based on public records requests.

I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage.

I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.

Sincerely,

Liam Knox

TEXT

1. On Sunday February 17, 2013 at approximately 0125 hours I was traveling northbound on route 3 in the Town of Billerica when I observed a motor vehicle that was traveling in front of my marked cruiser in the first travel lane. I observed this vehicle swerve over the fog line and into the break down lane and then back into the first lane of traffic. This same vehicle again proceeded to swerve over the fog line into the break down lane then almost striking a large snow bank to the vehicle's right before the vehicle jerked back into the first travel lane. As this vehicle swerved back into the first travel lane this vehicle crossed over the marked line and into the second travel lane almost striking a vehicle that was traveling in the second travel lane. At this time I proceeded to pull the vehicle over into the break down lane. The vehicle drove for another fifty yards after I activated my overhead blue lights and illuminated the inside of the vehicle with my spotlight before pulling over into the break down lane. This vehicle was bearing Massachusetts registration [REDACTED] owned to a Scott Redfern [REDACTED] of [REDACTED] in [REDACTED], Route 3 in the Town of Billerica is a public roadway maintained by the Department of Transportation.

2. Upon pulling the vehicle over, I spoke with the operator who was identified as Stephen Redfern [REDACTED]. I asked REDFERN for his license and registration. At this time REDFERN was looking for the registration in a black folder. After waiting for a couple of minutes as REDFERN fumbled through the folder looking for his registration I asked REDFERN to hand me his license. REDFERN then grabbed his wallet and tumbled through his wallet before producing his license. As REDFERN was looking for his license and registration I illuminated the inside of the vehicle and noticed a black plastic container that had the name of Glock on it. I could smell a very strong odor of an alcoholic beverage coming from inside of the vehicle. I observed that REDFERN'S eyes were red and glassy. I then asked REDFERN where he was coming from? He stated that he was coming from Waltham. I then asked him where in Waltham? He stated that he was on Moody Street. I then asked him how much did he have to drink tonight? REDFERN stated that he had three drinks. I then asked him what kind of drinks did he have? He stated that he had Coronas and Bud Lights. I then asked REDFERN if he had a weapon in the vehicle? At this time REDFERN appeared agitated when he asked me why I was asking about a gun. I told him that I can see a gun case for a Glock behind his seat. REDFERN then stated that he works at Four Seasons gun store in Woburn and that he has a license to carry.

3. At this time I told REDFERN to step out and to the front of his vehicle to perform some Standardized field Sobriety tests. As REDFERN stepped out of the vehicle I observed that he was unsteady on his feet. He then told me to walk in front of him. I told him that I will follow him. As REDFERN made his way to the front of his vehicle he was very unsteady on his feet as he swayed left and right. At this time for my own safety I pat frisked REDFERN for a weapon. No weapon was found. At this time I asked REDFERN if he was on any kind of medication? He stated that he doesn't take medication. I then asked him if he was wearing contact lenses? He said that he was wearing contact lenses. I then asked him if they were soft contact lenses and REDFERN stated they were soft contact lenses. I then asked him if he had any problems with his legs? REDFERN stated that his legs were fine. I could still smell a very strong odor of an alcoholic beverage coming from REDFERN'S body. He was very thick tongued and slurring his speech throughout our conversation. At this time I was about to conduct my first Field Sobriety test when REDFERN asked me why I was asking about a gun in the vehicle. He then proceeded to get agitated as he stated that he has second amendment rights and I had no reason to ask him if he had a weapon in the vehicle. I then told him that once I saw the gun case in his vehicle I had every right to ask him for my own safety. REDFERN then said that I had no right to ask him if he had a gun in the vehicle because I had stopped him for another reason. At this time I asked REDFERN numerous times if he was going to consent to some Standardized Field Sobriety tests. REDFERN continued to be non compliant and then he started to raise his voice. At this time Troopers Pierce and Depena arrived on the scene. I then asked REDFERN one more time if he was going to consent to some Field Sobriety tests. REDFERN said that he was not going to do any Field Sobriety tests. Based on all of the above information and REDFERN'S up and down aggressive mood swings, I formed the opinion that REDFERN was operating a motor vehicle while under the influence of an intoxicating liquor. At this time I told REDFERN to turn around and place his hands behind his back. I then handcuffed him and double-locked the handcuffs for his safety. I then advised REDFERN of his rights pursuant to Miranda. REDFERN stated that he understood his rights. As I was handcuffing REDFERN he was asking me numerous times what he was getting arrested for. I told him that he was being placed under arrest for operating under the influence of an intoxicating liquor. I then placed him in the rear of cruiser 929. The vehicle was then inventoried pursuant to policy. There were no weapons found in the vehicle. Troopers Pierce and Depena waited for the tow as I transported REDFERN back to SP Concord to await the booking process.

4. As I was transporting REDFERN back to SP Concord, he stated that the left handcuff was too tight on his wrist. I then told him to lean to his right to relieve some of his own weight that was causing the pain. He then said that he wanted me to pull over and loosen the handcuffs a little bit. I told him that they will be coming off once we are at the barracks. REDFERN then stated that I was denying him of his constitutional rights to have the handcuffs loosened. He then proceeded to tell me that he was trained by the state police and now he is a handcuff instructor. REDFERN then stated that he hopes to god aft this is recorded because he was going to tell his lawyer. I told him that the handcuffs were not on that tight. REDFERN stated that he has carpal tunnel syndrome and that the handcuffs were causing him more pain. REDFERN then proceeded to say that I was an enemy of the constitution. I could still smell a very strong odor of an alcoholic beverage coming from the inside of my cruiser. As REDFERN was being transported back to the barracks he was slurring his speech and thick tongued throughout his conversation with me. Upon our arrival at SP Concord, REDFERN was unsteady on his feet as I escorted him into the front door of the barracks. The handcuffs were taken off of REDFERN once I secured my weapon. REDFERN asked me if he could use the bathroom at this time to urinate. I asked him if he could hold it until the booking process was done. REDFERN stated that he needed to go now. At this time I escorted REDFERN over to the cell so he could urinate. As REDFERN was urinating I observed that he was unsteady on his feet as he swayed front and backwards. We then proceeded with the booking process as I advised REDFERN of his Statutory Rights and Consent form. REDFERN stated that he wasn't going to sign anything. I then advised him again of his Statutory rights. REDFERN stated that he wasn't going to consent to the Breathalyzer and that he was not going to sign any forms. At this time in front of Trooper Scanlon and myself, REDFERN was logged into the Breathalyzer machine as a refusal. I then advised him of his immediate license suspension. REDFERN'S license was seized. I then issued REDFERN citation #R3143960 for OUI M/V liquor (90-24) and marked fanes (89-4A). He was then placed in Cell #1 pending bail. Auto Tech towed REDFERN'S vehicle.
